and

DREXLER, Terry  
Reg. No. 12735-086  
Parolee Eff. 6-1-85

Dear Mr. Elsen:

Thank you for the information you provided regarding George and Terry Drexler in your letter of April 22, 1985.

The case analyst reviewed both files and recommended adding a special condition regarding your agency's concerns prohibiting the Drexlers from engaging in various waste programs.

On May 21, 1985, the Commissioner ordered George Drexler's previous parole action be modified to include: "you shall not participate in any waste or substance recycling, disposal treatment or storage business without the written permission of your probation officer". On May 30, 1985, the Commissioner ordered the same condition be imposed in Terry Drexler's case.

We hope that this condition is sufficient for your needs. If we may be of any further assistance, please feel free to contact us.

Sincerely,

Elizabeth L. Taylor
